FAQs

Q: Why should I finance my healthcare service when I can pay cash or use a credit card?

Financing your out-of-pocket expenses¹ for healthcare services with GreenSky Patient Solutions® allows you to conserve your cash, and may offer a lower interest rate than a credit card. We have many promotional offerings with deferred interest benefits, but without your having to pay out of pocket all at once.

Q: What type of credit does GreenSky Patient Solutions® offer?

We offer unsecured loans with fixed interest rates. You can pay off your loan at any time without any prepayment penalties.

Q: Where can I use my loan?

Use your GreenSky Patient Solutions® account number to pay for services and products offered by healthcare providers that are in the GreenSky Patient Solutions® Loan Program.

Q: How do I make a payment?

It's simple - pay online or by phone, schedule automatic payments to be drafted from your bank account. The choice is yours. And there is never a penalty for paying off your loan early. Call **844.810.7713** if you have any questions.

Q: How do I pay my doctor?

Once approved you will be issued a loan agreement with a 16-digit account number and expiration date. When you want to use the account, just provide these numbers to your provider to pay for the purchase as if it were a credit card.

Q: How long do I have to use my loan?

On most plans, you typically have between 3 to 6 months to make your purchases.

Q: When is my first payment due?

Depends on your plan. For example, the first payment on a fixed rate plan is typically due approximately 30 days after the first purchase.

Q: Will paying the monthly minimum payment during the promotional period result in interest being waived for a deferred interest loan?

No. Check the details of your loan. For deferred interest plans, you must pay off the entire purchase balance before the end of the promotional period to have all accrued interest waived.

Q: By extending financing for my healthcare services, is GreenSky guaranteeing the quality or outcomes of the services I receive from my Provider?

No. The GreenSky Patient Solutions® Loan Program offers financing options for healthcare items and services you elect to receive from your Provider. GreenSky Patient Solutions does not guarantee the quality or outcomes of services you elect to finance, nor does it endorse any particular Provider.

¹Out-of-pocket expenses include copayments and deductibles and charges for elective services that are not subject to coverage under a health insurance plan of benefits. Financing is not available for items and services that you have already received from your Provider, and for which you have received a non-coverage determination or claim denial decisions by your health insurance plan.
